PROJECTS

E-Shop Ecommerce Website (Skills: HTML, CSS, JavaScript, React JS, Redux, Tailwind CSS)

GitHub: [e-Shop](#) | Live: [e-Shop](#)

- Developed a responsive e-commerce site with React JS, Redux, and Tailwind CSS, ensuring smooth user interactions.
- Used **React Router** for intuitive multi-page navigation, enabling users to move effortlessly between different sections of the site.
- Used **React Hooks** to efficiently manage component states, side effects, and reusable logic, enhancing website functionality.
- Used **Redux** for comprehensive state management, ensuring consistent data flow and state updates across the entire application.

Portfolio Website (Skills: HTML, CSS, JavaScript, React JS, Tailwind CSS, Framer-motion, Email JS)

GitHub: [Portfolio Website](#)

- Created a personal portfolio website showcasing professional projects, skills, and experiences.
- Designed a modern, aesthetically pleasing user interface using Tailwind CSS, incorporating Framer Motion for smooth animations and transitions to enhance usability and visual appeal.
- Leveraged React JS to create dynamic and interactive components, enhancing navigation and user engagement.
- Integrated Email-JS for streamlined email communication, providing visitors with easy access to comprehensive professional information, including a downloadable resume section.

INTERNSHIPS

Graphic Designer at Soulbliz

- Engaged in a one-month internship at Soulbliz, contributing to enhancing visual appeal through the application of color theory and graphic design principles.
